Joe McKinney has gone to Clark county to make his home this year. He will tend a crop for his father on his place.

Miss Emma Christopher, who has been visiting her cousin Miss Dollie Christopher for the past four weeks, returned Saturday to her home at Ford.

### J. E. Burgher Sr. Dead.

J. E. Burgher died at his home Thursday morning, Jan. 30, after a weeks illness aged 75 years. Burial Sunday at Salem Church yard beside his wife who died last April. Deceased had lived a consistent member of the Baptist church for a number of years. He leaves two children, fourteen grand-children and eighteen great-grand-children.

Up to Jun. 1899, there had never been a death in his family. Since then, six members have died—a daughter, Mrs. Callie McKinney; a daughter-in-law, Mrs. B. S. Burgher; a grand-son, Bluford Fox; a great-grand-child, little Blanche Heflin; his wife and then the head of the family.

There are three bills pending before the Legislature, each of which is of vast interest to farmers. One of the bills is called the Dog Law, another the Stock Law, an act to prevent stock from running at large upon the public highways, and third the Paris Green Law, designed to prevent the use of this deadly poison on tobacco and garden truck. The Dog Law will impose a tax on all dogs, whether of any real value or not. The tax to go to pay for all sheep killed by dogs. This is a law we hope to see in force as we believe it will be of benefit to all parties. It not only insures pay for sheep killed by dogs, but it makes all dogs of value and no other person will then have any more right to kill a tax-paid dog, when seen on their premises, than they would a horse or a cow that had strayed in. We oppose the stock law. While it would be good for the bluegrass counties, it would entail hardships upon many of the farmers of the mountain counties and poor people everywhere, who own a plug horse or scrub cow, and depend upon the grass on the highway for pasture. We strongly favor the Paris green bill from the fact that the use of Paris green on the growing crops of tobacco is, no doubt, of great injury to users of tobacco in general, besides it will greatly reduce the production, thereby enhancing the value of what is raised.

Raising a crop of boys is like raising a crop of corn. Unless they have the proper amount of sunshine and good advice their yield will be nubbins. They should be taught from childhood to be obedient to duty, to be respectful and know that success is the reward of honest industry. If we read the lives of our great men we find that they climbed the towers of fame only by intrepid efforts. In youth they did not stand idle while their neighbors labored in the vineyard. Above and beyond the vulgar and idle things of life they saw the laurels and reached forth and plucked them.—Exchange.

### Log Thief Captured.

Mr. W. Z. Eubank, detective for the aggregation of lumber mills on the Kentucky river and its tributaries, was in Jackson this week on business. He had been to Hazard looking after cases against log thieves. He informed us that Beverly Clark, the notorious timber thief, who escaped custody several weeks ago, had been captured by Jailer Eversole. Clark was arraigned at the last term of the Perry Circuit Court for stealing logs from one of the companies represented by detective Eubank, and in default of bond was remanded in jail. He escaped jail a short time afterward and fled to Clay county, where he was captured on Bulls Skin Creek, dressed in women's clothes. Clark has four living wives and has never been divorced from either of them. Detective Eubank is making it very interesting just now for the log thief contingent.—Jackson Hustler.

There is a newspaper in Greenland that was established twenty years ago to appear occasionally. Now it has been made a bi-weekly and its circulation is increasing. It is published in the Eskimo language and has done a great deal to preserve the traditions of the people.

Criminal prosecutions and ju-

ry expenses last year cost Kentucky \$595,692.30 and the amount paid to Circuit Judges and Commonwealth's Attorneys was \$123,821.08.

ARE YOU DEAF? ANY HEAD NOISES?

ALL CASES OF DEAFNESS OR HARD HEARING ARE NOW CURABLE

by our new invention. Only those born deaf are incurable.

## HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

Gentlemen:—Being entirely cured of deafness, thanks to your treatment, I will now give you a full history of my case, to be used at your discretion. About five years ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in this ear entirely. I underwent a treatment for catarrh, for three months, without any success, consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

F. A. WERMAN, 739 S. Broadway, Baltimore, Md.
